

# Product Data Sheet

**Product Name: AG Cuffill**

## Order Information

| REF        | Description                                                                                                         | Box |
|------------|---------------------------------------------------------------------------------------------------------------------|-----|
| HSCUFF0041 | <b>AG Cuffill</b> – Digital syringe for cuff pressure gauge<br>Limited to 100 measurements, with countdown function | 10  |

## Intended Use

The AG Cuffill is intended to measure and regulate the intra-cuff pressure of Endotracheal tubes, Tracheotomy tubes and supraglottic airways.

## Key data

|                           |                                         |
|---------------------------|-----------------------------------------|
| REF                       | HSCUFF0041                              |
| Pressure range            | 0-99 cm H <sub>2</sub> O                |
| Measurements              | Limited to 100 times                    |
| Application               | Tracheal Tubes and Supraglottic Airways |
| Packaging                 | Clear pouch                             |
| Product dimension         | Length: 130 mm<br>Diameter: 15 mm       |
| Product weight            | 18 g                                    |
| Box weight                | 300 g                                   |
| Box dimension (L x W x H) | 210 x 120 x 60 mm                       |

## Product Characteristics

|                              |                              |                                        |
|------------------------------|------------------------------|----------------------------------------|
| Sterile packed:              | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> |
| Sterilization method:        | n/a                          |                                        |
| Single use product:          | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> |
| Use of natural rubber latex: | Yes <input type="checkbox"/> | No <input checked="" type="checkbox"/> |
| Shelf-life:                  | 3 years                      |                                        |
